CAUTION

Participation and physical exertion in sporting activities carries certain risks.....and in fencing, specifically, here are just a few examples: 1. One can be bruised by a hard hit. 2. One could receive a cut from the edge of a blade.

3. One could strain or pull a muscle while lunging. 4. One could be hit by broken blade causing a puncture wound.

5. One could twist an ankle or knee.

I, _____ understand that participation in fencing carries a certain amount of physical risk characteristic of all sporting activities and agree to hold harmless the teachers, the Fairfield Avenue School of Fencing, and Andy Shaw.
